Notes:

- The GW44620 watertight coupler enables the joining of utility boxes together, providing cable access between enclosures. Suitable for use with deep body boxes (GW441xx), as well as the large standard depth body boxes.
- A surround for semi flush mounting is included with the cabinet, but not shown in the image - see Standard Items Supplied with Cabinet-A.
- Modular DIN Kits come as a kit and include a masking panel, DIN rail and DIN rail mounting brackets.
- The triangular lock and key are supplied as standard with each cabinet. Higher security key lock sets are available separately (GW46445).
